

SSIS Updates 9/20/22

Dear St Stephens Family,

Thank you for your patience and understanding! We are happy to announce that **we will have two bus routes starting tomorrow morning.** Please see the attached routes. There is a combination of street/address stops as well as general community pick up spots as we are working to transport as many students as possible. The Red Bus (Route 1) will pick up in the following areas: Ft Washakie, Crispin Lane and Ethete. The Green Bus (Route 2) will pick up Rendezvous Rd, Lodge Ridge Rd, Little Shield, Red Crow and Great Plains. We are hoping to have some community pick-up in Riverton later this week. More information to follow. **\*\*\*If your student is going to be a bus rider on the above routes, please put them on the bus tomorrow morning.** We will be taking attendance to make sure we know which students will ride that bus and those will be the only ones allowed on in the afternoon. If for some reason they can't ride tomorrow morning but will need to ride moving forward, please call the front office to notify them of student name and which stop on the attached routes they will be picked up on. This information will assist us in spreading the transportation coverage to a wider population of students.

We had many parents coming into the office to pick up students at the end of the day. Please pick up your student(s) in the pick-up line only. This is the safest and most efficient way to get all of our students picked up. Also, be aware that student checkouts will not be permitted the last 30 minutes of the school day unless approved in advance with administration.

Our FaceBook page is now official and live. Until we can get a call out system in place this is most efficient way to communicate with many. Please follow us on Facebook

**@TheOfficialStStephensIndianSchool**

You may have heard that we released High School students early today. There was a smell of gas in the high School kitchen area and we had the gas company come to inspect it immediately. Students and staff were removed from the building until we could deem it safe. All gas has been turned off to both of our main buildings and **it is 100% safe for ALL students to return to campus tomorrow.** However, be aware that while we work to safely fix the leaks, the gas will remain off and cold lunches and breakfasts will be served. We do hope this inconvenience will be rectified soon.

Please remember those wishing to check out students must have a photo ID and be authorized to pick up in our student information system.

We truly thank you all for your continued patience and understanding. Know that above all else, the safety of our students is our absolute first priority.

Sincerely,

The St Stephens Indian School Administration
